

How It Feels

Slowly Slowly

I just like the card don't mind what you get
I know you want a moment that we can forget

1964, 1998 -
Something 'bout a close call, little twist of fate

Just get in the car
You better watch that tongue
I know how it feels to be alone
Do you know how it feels to be

Awake every night for 10 fucking years in a coma?
In an orbit of lies just waiting for the sun to pour over?
And I told them to you in the hope someday I would believe them
You say I don't know how it feels?
Baby I know how it feels
'Cause I have felt it every single time
When you go to smile and drop your eyes

Mansions in the burbs, silence in the rooms
I just heard you praying at the bottom of the pool

Just get in the car
You better watch that tongue
I know how it feels to be alone
Do you know how it feels to be

Awake every night for 10 fucking years in a coma?
In an orbit of lies just waiting for the sun to pour over?
And I told them to you in the hope someday I would believe them
You say I don't know how it feels?
Baby I know how it feels
'Cause I have felt it every single time
When you go to smile and drop your eyes

Yeah I know how it feels
Yeah I know how it feels to be alone
