Now you're, now you're dripping blood  
From the neck  
From the neck (Now you're dripping blood)

How you gonna cancel me?  
Twenty awards on the mantle-piece  
Pyramid Stage at Glastonbury  
Girls in the crowd got their hands on me  
About you wanna cancel who?  
Fuck with the cult, now the gang's on you  
I'm a vampire, got the fangs on you  
Now you're dripping blood

I ain't an actor, fuck the Oscars  
Main stage in my boxers  
1000 grams, fuck the Grammys  
Same, same for the shottaz  
Massage for the posture  
Only bad tings on the roster  
I shot caffeine like I'm Costa  
Mad ting, what the bumba?

She said I do magic like Harry Potter  
I'm off the vodka, ordering lobster  
Said it's preposterous, I'm so obnoxious  
I need a doctor  
Said I won't come back  
I must be cancer, ain't got much longer  
Then I made a comeback  
Kicking like Ong-Bak  
Now I got blood on my jumper

Show me your face  
Let me see who's really tryna stop me  
I pay the price, don't care what it costs me  
I just gotta spit, can't put a sock in it  
Endless Poetry like Jodorowsky  
Super suss, super off-key  
Run through the streets with a few G's  
We ain't killing them softly  
Know we got cranium shots for you zombies

We'll be purging till we pass out  
Shell-casing dropping on the ground  
On my high horse, it's so far down  
See you throwing stones in your glass house  
Evidently  
Nothing is going the way that you said it would be  
Middle finger to me enemies  
Foot on your neck got them begging me please
