

Focus on some other shit  
Focused, I ain't puzzled yet  
I tried to make it out the rubble  
And I rose like a diamond did  
Run a fifth, do a flip  
R-Run a fifth, do a flip

Slow dance with the devil  
No chance so I settle  
No second chance  
I just gotta be better  
Lesser version of myself  
Shoe fits, Cinderella  
Pure amusement and I'm fed up  
Why you so jealous?  
Life never precious  
And I always had a death wish  
And I never had a breath of fresh air  
I need a breath mint  
Never been the type to care  
What they on  
Sit and do a seance  
Wish I take my face off  
Said I'd be nothing  
You must be Helen Keller  
Under the weather  
Can't predict my future  
Off the Richter and he crazy like Victor  
Mr. I Don't Give a Shit  
Seems like I always did  
No one I can lean on  
So I'm limping with a walking stick  
People keep talking shit  
I cut through the thick of it  
Brothers on that prison shit  
I should've been in prison  
But I'm different  
Never listen to the shit that they be on

Focus on some other shit  
Focused, I ain't puzzled yet  
I tried to make it out the rubble  
And I rose like a diamond did  
Run a fifth, do a flip  
Throw a fit

I box you in your chin  
Break your chin again  
End up missing man  
It's a mission, fam  
Couldn't get me in a can  
Live me life  
Call me out, let me live my life  
Tryna get the price right  
I'm tryna make the price rise  
Tell me what you want  
I want a spliff and a bop

A bottle I can pop  
So I chill on the block  
I miss my brothers  
I miss my fam as well  
Everybody else  
Can go and fuck themselves

Focus on some other shit  
Focused, I ain't puzzled yet  
I tried to make it out the rubble  
And I rose like a diamond did  
Run a fifth, do a flip  
(Run a fifth, do a flip)

(I need to shave, yeah  
I think I'll shave my head  
I need to shave, yeah)
