Expectations never met  
Your thirst cannot be quenched  
It's like a pen inside my head  
These rivers running red

(Whoo!)

I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck

Eyes the window panes of life  
Seeing out, can't see inside  
The loss of all you loved  
Your pride the reason hurts

(Fuck your fucking mother!)

I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck  
I'm saying I... don't give  
I don't think I'll ever really give a fuck  
I don't give a fuck
