

Rainbow

slowthai

Brown sugar never been so sweet, but vanilla ice cream is my favourite dish
Blacker the berry, the sweeter the drip - make a cheesecake, last bit, we can split it

Why you care what my pigment is?

Held me down, I was progressing

Reminded me that my skin tone's rich

L-O-L slowthai in fits

Primitive with your nasty ways

Kamikaze put me in a cage

Brown eyes and my shit ain't blue

Exotic trip it's tropical too

What am I to do?

Won't hire me, then they hire you

Fire me but don't fire you

Lock me up but unboxing you

Colours of the rainbow

You can't have a rainbow without a little rain though

Don't rub off and stain though

Stereotype cause my skin tone - UFO

Not white, not black either

Asian, Latina, not your nigga

Not your honkey or shopkeeper

Skin thick, I throw stones, break windows

Glass homes, break bones, we don't shiver

Colourblind to see the light they grow blossom like roses

Brush my hand off, what's the motive?

You got dandruff on your clothing

Call me coon, I Looney Tune

Bust your nose with a silver spoon

Monkey noises, big baboon

White boy wasted in the zoo

Bones too dense to swim the lagoon

Loch Ness what-less innocent you

Colourblind, swear we're all blue

No difference between us two

Colours of the rainbow

When the colour's gone - colourblind
Red, white and blue
Union Jack united who?
When the colour's gone what am I to you?
In theory you're colourblind
Race just hysteria and when the colour's gone
Just the UFO, understand my logic
Colourblind, see obvious

When the colour's gone what am I to you?
In theory you're colourblind
Race just hysteria and when the colour's gone
Just the dotted light (understand?)
