

R.I.P

slowthai

Intimate, infinite
Vigilant, vigilante on a pilgrimage
Diligent, militant
Pow pow pow

Intimate, infinite
Vigilant, vigilante on a pilgrimage
Diligent, militant, where the liquor is
One shot, one shot, I'm a feminist (bow)
Ay
Minuscule, ridiculed
Got locked cause the swab found residue
Fucked up in the truck like what it do
For the buzz, shot drugs are you gullible?
Harder times, can't deny
Mumzy tried bun a zoot
Bun my mind, bun my life
Recoup where the stars collide
I had a heart then died
Nice guy, good bye
Wise guy, I won't draw my knife
But the bottle just shines like Thai it's time
I don't wanna spend my life inside
Like 23 hours, you can't pree sunlight
I wanna see back and thighs
Caramel tone and the plats I like
Not a screw with a face that's chewed
Like the gum on bottom of my brand new nikes
I be like bro come home
When you get out, sold out shows
No jiro, gotta get that glo
Life unfold cause the dreams untold

R.I.P, they're deceased
Them they're dead, leave 'em be
All you fed, move from me
Public servant, no policing me
R.I.P, they're deceased
Them they're dead, leave 'em be
All you fed, move from me
Public servant, no policing me

I think it's the piss you're taking
Thought he was bad till his face got caved in
Always the same on every occasion
Skinny, don't mean take T for a wasteman
Plant a seed, see the leafs start shaking
Premeditated moves you're making
Chess keep playing, stop complaining
I don't win the battle, then I'm catching cases
Living life like a free mason
Hungry, food in the basement
Eat that not a fiend craven
Fine cuisine with a few grapes in
Pick me up, brand new spaceship
Drive around six stars wasted
Blue tape on estate basic

Dismantle the case with: "No Statement"
Don't be a fraggle, you're too fragile
Thai's too agile, move like Puma
Don't wear Fila, real don dapper
I love beaches and eating snapper
Won't wear Kapper, know drug dealers
Wearing Patta, might skull cap ya
Parking meters, ticket on Jaguar
Calm cause it's like 5 grand for a feature

R.I.P, they're deceased
Them they're dead, leave 'em be
All you fed, move from me
Public servant, ain't no policing me
R.I.P, they're deceased
Them they're dead, leave 'em be
All you fed, move from me
Public servant, ain't no policing me
