

# All Alone

Slushii

All alone, all alone  
Feeling all alone again  
All alone, all alone  
Feeling all alone again

(Take it all away from me)

Take it away, fit it in my heart  
Take it away, fit it in my heart  
Take it away, fit it in my heart

All alone, all alone  
Feeling all alone again  
All alone, all alone  
Feeling all alone again
