

# Blow The Socket

Slushii

My lifestyle exacerbated  
I keep it animated  
Dem man are managing but  
More time they lack sadasic  
The smash is basic  
I'm 'bout the greatness proud we made it  
Shout my name but I ain't hearing less we out to take it

I hit the music give it everything and that's the difference  
You hit the stu but are you really tryna go the distance  
I keep it pushing keep 'em coming, ain't no end in sight  
All we do is kill it get to business yeah that's every night

That's all night  
All day  
Turn the system up  
We ain't tryna play  
I got this power pack  
We about to drop it  
Shit is so hot  
We 'bout to blow the socket

I hear the music give it everything  
And blow the socket

Yeah  
Yeah yeah  
Watch it blow the socket

Keep up with it  
Yuh get it  
Yeah

That's all night (all night)  
That's all day (all day)  
Turn the system up (what)  
We ain't tryna play (nah)

I got this power pack  
We about to drop it  
Shit is so hot  
Ra ta ta tat

Yeah  
I hit the music give it everything  
And blow the socket  
Yuh
