We go round and round and round and round again  
Can't help myself  
Take me up and down and up and down again

Oh like a ride on a lion's back  
I tell you to go then you take it right back  
Cause you give me hell  
We go round and round and round and round again

Carousel

Carousel we go round  
I tell you to go then you take it right back  
Cause you give me hell

Cause you give me hell  
Carousel  
Cause you give me hell
