

Conquer (Victory For All)

Slushii

You never care for me, you cared for me
And I ran away
I ran for you to cry and to fall in love
Isn't that something that you're proud of?

Love conquers all
Love conquers all
Oh
(Yeah)

(Isn't that something that you're proud of?)
(Love conquers all)
(Isn't that something that you're proud of?)
(Oh)
(Isn't that something that you're proud of?)
(Love conquers all)
(Isn't that something that you're proud of?)
(Oh)

You never care for me, you cared for me
And I ran away
I ran for you to cry and to fall in love
Isn't that something that you're proud of?

Love conquers all
Love conquers all
Oh
(Yeah)

(Isn't that something that you're proud of?)
(Love conquers all)
(Isn't that something that you're proud of?)
(Oh)
(Isn't that something that you're proud of?)
(Love conquers all)
(Isn't that something that you're proud of?)
(Oh)
