

Cry For U

Slushii

Because all I've done is cry for you
Because all I've done is cry for you
Because all I've done is cry for you
Because all I've done is cry for you
Because all I've done is cry for you

I want to go
Somewhere else
I want to go
Somewhere else

I'll let you go
Somewhere else
I want to go
Somewhere else

I'll let you go
I'll let you go
I'll let you go

Because all I've done is cry for you
Because all I've done is cry for you
Because all I've done is cry for you
