

# Dancing With Myself

Slushii

Got my head on my shoulders  
I know that I never lose my grip  
Though I'm nice, I ain't naive  
I don't have to put up with your shit, hmm

Did what I did, just to get out  
No need to tell me with your rules applying  
Tonight I'm playing in my eyes  
Yeah, no one own my own love

Dancing with myself  
Dancing with nobody else  
So come over if you dare  
But I'm just too good for you  
Dancing with myself  
No I don't need no one else  
So I hope you understand  
That I'm just too good for you

Dancing with myself

(No, dancing with myself)  
(No)  
Dancing with myself  
No I don't need nobody else  
So I hope you understand  
That I'm just too good for you

Call me miss independent  
No I don't need to deal with you  
If I'm being honest  
That one less to tell me what to do

Did what I did, just to get out  
No need to tell me with your rules applying  
Tonight I'm playing in my eyes  
Yeah, no one own my own love

Dancing with myself  
Dancing with nobody else  
So come over if you dare  
But I'm just too good for you  
Dancing with myself  
No I don't need no one else  
So I hope you understand  
That I'm just too good for you
