Slushii

Dance me down and take me 'round the wo-o-world tonight  
Want you to lead me, deeper, take the rhythm alive

If the monsters come and scare you away from me  
Want you to never ever ever give up hope  
It's destiny

It's destiny  
It's destiny-ny-ny-ny-ny...  
It's destiny

Dance me down and take me 'round the wo-o-world tonight  
Want you to lead me, deeper, take the rhythm alive

If the monsters come and tear you away from me  
Want you to never ever ever give up hope  
It's destiny

It's destiny  
It's destiny-ny-ny-ny-ny...  
It's destiny  
It's destiny
