

Emptiness

Slushii

I'll never know how it feels to love someone
Don't let it show or one day it'll come undone
I'll never know how it feels to love someone
Don't let it show or one day it'll come undone

Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, here we go

I'll never know how it feels to love someone
Don't let it show or one day it'll come undone
I'll never know how it feels to love someone
Don't let it show or one day it'll come undone

Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
Stop breaking it up, stop breaking the beat
Stop breaking the rules, stop breaking the beat
