

# Fall For You

Slushii

I promised myself I'd never fall for you  
Because time has taught me what you would do  
'Cause I waited for you through the sorrow and pain  
But you played me a fool, a fool in the rain

And I ask why  
Why did you forget me? Why did you regret me?  
And I scream "Why?"  
Was I a mistake you couldn't erase?  
Tell me the truth  
Tell me the truth

You promised yourself you'd never fall for me  
You said one day, your tears would fall from deceit  
I couldn't wait for you because it hurt me so much  
And now you're gone, now you're gone, now you're gone

And I ask why  
Why did I love you? Nothing but trouble  
And I scream "Why?"  
Was I a mistake you couldn't erase?  
Tell me the truth  
Tell me the truth
