Tryna find my way, tryna find my way to you
To you
Fade the day away, fade the day away to you
To you
Tryna find my way, tryna find my way to you
To you
Fade the day away, fade the day away to you
To you

Tryna find my way, tryna find my way to you
To you
Fade the day away, fade the day away to you
To you
Tryna find my way, tryna find my way to you
To you
Fade the day away, fade the day away to you
To you

So, bring me right back, bring me right back and I'll never
Bring me right back, bring me right back (Save me now)
So, bring me right back, bring me right back and I'll never
Bring me right back, bring me right back (Save me now)

Tryna find my way, tryna find my way to you
To you
Fade the day away, fade the day away to you
To you

If I do, if I do, if I do, will you be there?
If I do, if I do, if I do, will you remember?
