

I Don't Need You

Slushii

I don't, I don't, I don't need you
Need you, need you, need you, I don't need you, oh

I don't need your love, I don't need your comfort
I don't need you coming my way
I don't need your love, I don't need your comfort
I don't need you following my way
My way

I don't, I don't, I don't need you

I don't need you
No, no, no
I don't need you
I don't need you
No, no, no
I don't need you anyways

I don't need your love, I don't need your comfort
I don't need you coming my way
I don't need your love, I don't need your comfort
I don't need you following my way
My way

I don't, I don't, I don't need you

I don't need you
No, no, no
I don't need you
I don't need you
No, no, no
I don't need you anyways
