

Reason

Slushii

You try to give me a reason
But you're too far away
You try to give me a reason
But you're too far away

And I want you to stay
I want you to stay
I want you to stay

You try to give
Yeah, look
Yeah, look
Yeah, look
Yeah, look

Can you feel the walls slowly closing in again?
We're keeping secrets from them all
Can you feel my heart slowly caving in
I can feel my heart bursting at the [?]

And I want you to stay
I want you to stay
I want you to stay

You try to give
Yeah, look
Yeah, look
