

You've got me trapped inside this spell
Now I feel it, now I feel it
Your demons trapped me close to hell
I can feel them, I can feel them pull me down

You will never let me leave you
You make these nightmares come true
My heart is in the ground
You fucked me up, I'm sober now, I'm...
You will never let me leave you
You make these nightmares come true
My heart is in the ground
You fucked me up, I'm sober now, I'm...

You fucked me up, I'm sober now, I'm...
You fucked me up, I'm sober now, I'm...
You fucked me up, I'm sober now, I'm...
