Slushii

Step by step, day by day
I can see it in your eyes
Step by step, day by day
I see through your disguise

I wanna get away
Where the world can't touch me, no, no, no
I wanna find my place in your arms here I go, go, go

I see through your disguise

I wanna get away
Where the world can't touch me, no no no
I wanna find my place in your arms here I go, go, go
