

## There x2

Slushii

I still miss you, baby, after all this time  
But if I wait here, will you be there, times two?  
I still miss you, baby, after all this time  
But if I wait here, will you be there, times two?

I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
(Will you be there, times two?)  
I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
Will you be there, times two?

I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you after all this time

I still miss you, baby, after all this time  
But if I wait here, will you be there, times two?  
I still miss you, baby, after all this time  
But if I wait here, will you be there, times two?

I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
(Will you be there, times two?)  
I still miss you, I still miss you  
I still miss you, I still miss you  
I still miss you, I still miss you  
Will you be there, times two?

Whoa whoa oh, whoa whoa oh  
Whoa whoa oh oh oh oh oh  
Whoa whoa oh, whoa whoa oh  
Whoa whoa oh oh oh oh oh  
And I hope you know  
That I can't do this on my own  
And, baby, I know I was wrong  
But I'll be there, times two

And I hope you know  
That I can't do this on my own  
And, baby, I know I was wrong  
But I'll be there, times two  
And I hope you know  
That I can't do this on my own  
And, baby, I know I was wrong  
But I'll be there, times two
