Through The Night

Slushii

Tell me I wanna know if your heart beats
Tell me I wanna know if you love me
Like you used to

So I cry, and I cry
As I wait for my love to catch my fall
But my heart, will be lost
Through the night, through the night?

Tell me I wanna know if your heart beats
Tell me I wanna know if you love me
Like you used to

So I cry, and I cry
As I wait for my love to catch my fall
But my heart, will be lost
Through the night, through the night?
So I cry, and I cry
As I wait for my love to catch my fall
But my heart will be lost
Through the night, through the night?
