

## Favourite Pool

Slut

No harm  
Prevent the previous pain as long as you try  
For all  
A bucket full of memories by my side  
Right now  
Some circumstances did what they should find  
Somehow  
They used to crack forever in my mind

Join me for a trip  
Into my favourite pool  
Just a taste  
Of what they call my circus  
Back again  
As anybody's tool  
Now and then  
Forever and away

What else  
Some desperate explanations in a row  
Once more  
Some parasites were tending to the show  
Behind  
Misbehaviour chose another home  
Rewind  
Me struggling, stealing, searching all alone

Join me for a trip  
Into my favourite pool  
Just a taste  
Of what they call my circus  
Back again  
As anybody's tool  
Now and then  
Forever and away

Join me for a trip  
Into my favourite pool  
Just a taste  
Of what they call my circus  
Back again  
As anybody's tool  
Now and then  
Forever and away
