

Reminder

Slut

Then we're off
We're away
Just to find her
And then
I'm a cop
A police
A reminder
And then
It's a play
Our play

She's been off
Long ago
But I'll find her
And then
I'll be back
I will teach
And rewind her
And then
It's a play
Our play

Found herself a room to hide
But got herself indentified
By someone who was walking by
The pictures in the news today
They made her come back home and stay
And end up with this endless play
