

# Smother

Slutever

In a woman  
I'm confused because you're not in the room  
Forgot my breathin'  
Kinda hungry, but I'm anxious  
And I need somethin' soft  
I'm still teethin'  
Forget it now  
We get along until the timer goes off  
Its time for seethin'  
Hold my hand 'till I stop cryin'  
Tell me everything's fine  
Smother me, yeah

Smother me  
Smother me  
Smother me

Nothing's wrong  
But I'm unhappy  
And I can't decide why, I start cryin'  
Stay that way, and kick and scream until I get what I want  
I'll keep whinin'  
I like to move around, but everytime I stand up I fall  
So I stopped tryin'  
Hold my hand and carry me  
And tell me everything's fine  
Smother me, yeah

Smother me  
Smother me  
Smother me

Carry me, I know I'm heavy  
Carry me, I know I'm heavy  
Carry me, I know I'm heavy  
Carry me, I know I'm heavy!

Smother me  
Smother me  
Smother me  
Smother me  
Smother me  
Smother me  
Smother me  
Smother me
