

Africa Talks To You "The Asphalt Jungle"

Sly & The Family Stone

Must be a rush for you to see a lazy
A brain he meant to be
Cop out? He's crazy

But who's believing who?
Who's doin' the fishin'?
Do what you wanna do
Or you keep on wishin'

Timber!
All fall down
Timber!
To the ground
Watch out, 'cause
The summer gets cold
When the day
Gets too old

Must be a rush for you to see a lazy
In his back yard he grew
Cop out? He's crazy

When life means much to you
Why live for dying?
If you are doing right
Why are you crying?

Timber!
All fall down
Timber!
To the ground
Watch out, 'cause
The summer gets cold
When the day
Gets too old

Timber!
Timber!
