## **Better Thee Than Me**

## Sly & The Family Stone

Better thee than me, if you in that weather Better thee than me, if you are heavy feather Would you try to share a funny religion Would you have to bear a dummy's decision

Better thee than me, I'm strokin' and hopin' Better thee than me, I'm strokin' and hopin' Better thee than me 'cause you're jokin' What you sayin'

Better thee than me, help me there, I can make it Let me be, better let me be while you fake it Stop your pout, stop your pout, let me step and work it out Every thing's gonna drop, you better change your route Till the sail is jerkin'

Yeah, I would try to stay, but you're drivin' Love yourself, love you babe Better thee than me if you won't respect me
