

Le Lo Li

Sly & The Family Stone

Different pills for different thrills
Different days for different ways
Different freaks for different weeks
If you just spent your last dollar
And it didn't make cents or sense
If you just wanted to follow
And you're running out of presidents
Sing it
Le lo le lo le lo li le
Le lo le lo le lo li lo

When nighttime finds you wishing
'Cause daylight has to bring
The one thing that could be missing
Is a melody to sing
Sing it
Le lo le lo le lo li le
Le lo le lo le lo li lo

Shakabra
Shakadida
Means right on brother and right on sister
Anyway I learned it in Hawaii
Now it's time to do some wailing
Come on and dance with me
Nothing is to gain in failing
So come on and dance with me
Sing it
Le lo le lo le lo li le le lo

Feels pretty good to hum sometime
If you just wanted to follow
You're running out of breath again
Le lo le lo
Le lo le lo
Le lo le lo
Le lo le lo
Le lo le lo
Le lo le lo
