

# Wishful Thinkin'

Sly & The Family Stone

You got that right, wishful thinking, kindly request  
Your high school days again, but don't let it be the end of you

You got that right, wishful thinking  
Tryin' to bear the cross, you can't outsmart the boss  
Don't let it be the end of you

You got that right, wishful thinking  
Playin' with the moon, won't you realize  
We'll get there soon  
Don't let it be the end of you, you got that right  
You got that right, wishful thinking you got that right  
You got that right, wishful thinking you got that right  
You got that right, wishful thinking you got that right  
You got that right, wishful thinking you got that right

Wishful thinking, she ain't gonna get you that right  
Wishful thinking, wishful thinking, you're playing with the moon  
Relax you'll get there soon  
Don't let it be the end of  
You or me or you or me or you or me or you or me

Wishful thinking, playing with the moon relax, we'll  
be there soon don't let it be the end of  
You or me or you or me or you or me or you or me  
Wishful thinking, you got that right you got  
that right you got that right  
Well if you don't know, you got that right  
Wishful thinking wishful thinking wishful thinking,
