

Caller ID

Smallpools

I was blind but I saw this coming from a hundred miles away
You still say you love me but it doesn't feel the same
Cause you used to call me baby now you're calling me by name
While I'm still chasing something you're just dancing in the rain

Remember saving for the weekend
Folded bills stacked in a jar
And that balcony in Aspen
Queen of sunset caviar

Now I barely wanna eat and we barely speak
Afraid to see your name on my caller ID
My heart skips a beat as I walk down the street
And I know what's coming when I see your name
Is it you is it me drop the routine
Cold war in the summer just lay it on it me
My heart skips a beat as the phone rings
And I know what's coming when I see your name on the caller ID
On the caller ID

If the scenery could save us would we try and hit the road
When did we fall into the trenches is it just the way it goes

Remember driving through the redwoods
With the blankets in the back
And constellations through the sunroof
We were the best we ever had

Now I barely wanna eat and we barely speak
Afraid to see your name on my caller ID
My heart skips a beat as I walk down the street
And I know what's coming when I see your name
Is it you is it me drop the routine
Cold war in the summer just lay it on it me
My heart skips a beat as the phone rings
And I know what's coming when I see your name on the caller ID
On the caller ID on the caller ID
And I know what's coming when I see your name
