

## Fake a Happy Face!

Smallpools

Oh no here we go again  
Hey darkness my only friend  
I'll tell you that I'm fine  
But I'm just playing pretend  
And now I'm dancing thru the ceiling  
Reaching for a new beginning

Everything's great, everything sucks  
I don't even care, I care too much  
1 2 3 oh fuck fake a happy face and run!  
Top of the world maybe I'll jump  
I don't wanna wait, I'm in no rush  
1 2 3 hold up  
Fake a happy face and run  
Fake a happy face, fake a happy face face  
Fake a happy face fake a happy face and run

Punch drunk barely getting by  
Too broken to even try  
I'm pulling out my hair while I scream at the sky  
And now I'm dancing thru the ceiling  
Reaching for a new beginning

Everything's great, everything sucks  
I don't even care, I care too much  
1 2 3 oh fuck fake a happy face and run!  
Top of the world maybe I'll jump  
I don't wanna wait, I'm in no rush  
1 2 3 hold up  
Fake a happy face and run  
Fake a happy face fake a happy face face  
Fake a happy face and go fake a happy face and run

We fall apart just to make it better oh ohh  
We're onto something now, something now

Fake a happy face and go  
Fake a happy face fake a happy face face  
Fake a happy face and go fake a happy face and run  
Fake a happy face fake a happy face face  
Fake a happy face and go fake a happy face and run
