

# Motion

Smallpools

Forgot the past  
Living on the ropes  
Moving too fast  
Somewhere in the fold  
A little cash  
In an envelope  
Hidden under the flagpole  
Just like you asked

You can go out on the road  
Act like no one else is owed  
When you finally come back home  
Waiting for the same old tone

Think I'm stuck in overdrive  
Trying to live a million lives  
Find a way to compromise

We can't stop the motion  
Open doors are closing shut  
We could live forever  
Would forever be enough

I'm out of moves  
Sitting at the red  
Game of Armageddon  
Start the car and get in  
Just cut me loose  
I'm dizzy in my head  
Lost all perception  
I'm changing my direction

Think I'm stuck in overdrive  
Trying to live a million lives  
Find a way to compromise

We can't stop the motion  
Open doors are closing shut  
We could live forever  
Would forever be enough

We can't stop the motion  
Open doors are closing shut  
We could live forever  
Would forever be enough
