

Run With the Bulls

Smallpools

I've got a rock in my shoe
I'm on the main strip
It's not a slip-on
It's not a slip-on
Waves of people behind me
Are they following me?
I think they might be

I could tear my seams wide open
I could tear my seams wide open

I've still got this rock in my shoe
I need a good seat
Got to keep on moving
Got to keep on moving
Waves of people behind me
Are they following me?
I think they might be
Don't they know?

I run with the bulls
Run with the bulls
I run with the bulls
Run with the bulls
I run with the bulls
Run with the bulls
I run with the bulls
Run with the bulls

Look at all these seats
They're wide open
Look at all these seats
They're wide open
Look at all these freaks
We might be dead
Look at all these seats
They're wide open
They're wide open
They're wide open
They're wide open
