

Stumblin' Home

Smallpools

Buy a round for my best friends, they just got in town
They're telling me their love life's fucked, I'm calming them down
Then I'm wondering if I'll ever know what I found

I'm stumblin' home
I'm stumblin' home
And I'm thinking about you
I'm stumblin' home
Just thinking about you
I'm stumblin' home
And I'm thinking about you

I'm stumblin', I'm stumblin' home
And wondering how we got so lost
I'm stumblin', I'm stumblin' home

Got myself a new girlfriend she just locked me down
But tonight we're drinking too much Captain and Crown
After chasing each other all over this town

I'm stumblin' home
I'm stumblin' home
And I'm thinking about you
I'm stumblin' home
Just thinking about you
I'm stumblin' home
And I'm thinking about you

And wondering how we got so lost
I'm stumblin', I'm stumblin' home
And wondering how we got so lost
I'm stumblin', I'm stumblin' home

And now I'm lost in the feeling
That's taking over
Should have been what you needed
Too late you're gone
I couldn't give you a reason
It's taking over
And now I'm lost in a feeling
Now I'm lost in a feeling

Buy a round for my best friends, they just got in town
Telling me their love life's fucked, I'm calming them down
Then I'm wondering if I'll ever know what I found

I'm stumblin' home
I'm stumblin' home
And I'm thinking about you

And wondering how we got so lost
I'm stumblin', I'm stumblin' home
And wondering how we got so lost
I'm stumblin', I'm stumblin' home

I'm stumblin', I'm stumblin' home
I'm stumblin', I'm stumblin' home
