

# Bleed

## Smash Into Pieces

So what if I bleed no we're not afraid of falling

Here we are standing at the end of the world  
Looking back back at all the bridges we burned  
You made me wanna  
Rise up striking like a fighter  
We started from the bottom now we're jumping off the roof top  
Here we are standing at the end of the world

You make you make you're making me who  
Oh you make you make me wanna let go

So what if I bleed no we're not afraid of falling  
Gimme what I need  
I come alive when I hear you calling  
We don't care about nothing  
We don't care about nothing  
What if I bleed  
You make it count for something  
For you I don't care about nothing

You make you make you're making me who  
Oh you make you make you're making me bleed  
You make you make you're making me who  
Oh you make you make you're making me bleed

We're leaving earth we've never been so close to the sun  
Because of you there's nothing that I can't overcome  
You made me wanna rise up striking like a fighter  
We started from the bottom now we're jumping off the roof top  
Here we are standing at the end of the world

You make you make you're making me who  
Oh you make you make me wanna let go

So what if I bleed no we're not afraid of falling  
Gimme what I need  
I come alive when I hear you calling  
We don't care about nothing  
We don't care about nothing  
What if I bleed  
You make it count for something  
For you I don't care about nothing

You make you make you're making me who  
you make you make you're making me bleed  
You make you make you're making me who  
you make you make you're making me bleed

So what if I bleed?  
No. We're not afraid of falling  
Gimme what I need

We don't care about nothing  
We don't care about nothing  
What if I bleed  
You make it count for something

For you I don't care about nothing

We don't care about nothing

We don't care about nothing

So what if I bleed
