

## Fading

### Smash Into Pieces

I woke up to the sound of sirens,  
I can't erase the images of you,  
I've tried to live my life again, again, again,  
But now I feel that I can't, (I can't come through)

I am fading, I'm slowly slipping away,  
Can't stop thinking of yesterday, yeah,  
Yesterday, yesterday,

I promised you you'd never be alone, (I can't look back i can't  
move on)  
Through blood and tears i watch you fade away,  
A nightmare has come true, without you,  
And the only one i see is you, yeah,

I am fading, I'm slowly slipping away,  
Can't stop thinking of yesterday, yeah,  
I am fading, (I'm fading) I'm slowly slipping away, (Slowly slip-  
ping away),  
Can't stop thinking of yesterday,

I am fading, I'm slowly slipping away,  
Can't stop thinking of yesterday, yeah,  
I am fading, I'm slowly slipping away,  
Can't stop thinking of yesterday, yeah,

I'm fading, I'm fading, I'm fading,
