

Reaching Out

Smash Into Pieces

It won't be easy
Nothing comes for free
No one's gonna wake you up from your misery
But I'm a fighter
Aiming for the top
Some day I will find my way
Never gonna stop
It is all I want

I give in, give everything
I'm reaching out to realize my dream
'cause I believe it's all up to me
I'm reaching out for my destiny

It's time to grow up
People say to me
They like working 9 to 5
I just wanna feel free
I'm gonna show them
That it can be done
The long road's gonna take me home
like a chosen one
It is all I want

I give in, give everything
I'm reaching out to realize my dream
'cause I believe it's all up to me
I'm reaching out for my destiny

If I will die trying
I'm gonna die smiling
I'll face the end happy
Oh oh,
Knowing I was all in

I give in, give everything
I'm reaching out to realize my dream
'cause I believe it's all up to me
I'm reaching out for my destiny

I'm reaching out
Reaching out for my destiny
I'm reaching out
Reaching out for my destiny
