

## Ride with U

### Smash Into Pieces

Feels like I'm burning when you look around and smile at me  
Feels like I'm, feels like I'm burning, burning  
You are forbidden and it makes me want you even more  
Feels like I'm, feels like I'm burning, burning

I know it's just a thing in my head, head  
It's haunting me till the very end, end

I wanna take you for a ride  
You'll be Bonnie, I'll be Clyde  
Two criminals on the run  
But they won't hunt us down  
Don't care 'bout every law we break  
And the trouble that we'll make  
There's nothing I wouldn't do  
As long as I can do u, u, u, u  
I'll do anything to take a ride with u, u  
I just wanna ride with u

Together we could be the normal in a misfit world  
You match my, you match my crazy, crazy  
I know you're dangerous, it's only making me feel sane  
You match my, you match my crazy, crazy

The thoughts are spinning round in my head, head  
All day, all night till the very end, end (yeah)

I wanna take you for a ride  
You'll be Bonnie, I'll be Clyde  
Two criminals on the run  
But they won't hunt us down  
Don't care 'bout every law we break  
And the trouble that we'll make  
There's nothing I wouldn't do  
As long as I can do u, u, u, u  
I'll do anything to take a ride with u, u  
I just wanna ride with u  
U, u  
I'll do anything to take a ride with u, u  
Oh oh

Sometimes I think about what I'll become  
Maybe it's cuz I've never found someone  
It's when you come around I don't feel strange  
Maybe there's still time for a change  
Oh

I wanna take you for a ride  
You'll be Bonnie, I'll be Clyde  
Two criminals on the run  
But they won't hunt us down  
Don't care 'bout every law we break  
And the trouble that we'll make  
There's nothing I wouldn't do  
As long as I can do u, u, u, u  
I'll do anything to take a ride with u, u  
(I just wanna take a ride with u)

I just wanna ride with u  
U, u  
I'll do anything to take a ride with u, u  
I just wanna ride with u

I just wanna ride with u  
I just wanna ride with u  
I just wanna ride with u  
I just wanna ride with u
