

# Trigger

## Smash Into Pieces

You can be the glow in my dark  
Speeding up the beat of my heart  
Can you feel me now

Never been so ready to go  
Waiting for a hell of a show  
Aiming for a headshot  
Going nonstop

Faster than sound  
Higher ground  
My dream could blow any minute  
I need to know if your in it  
Spin me around  
Make it loud  
I want to fly like a bullet  
You'll take me high if you pull it  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
You'll take me high if you pull it  
Would you be my trigger

I was turning into a ghost  
Tryna save the world on my own  
So bring me back to life

Never been so ready to go  
Waiting for a hell of a show  
Aiming for a headshot  
Going nonstop

Faster than sound  
Higher ground  
My dream could blow any minute  
I need to know if your in it  
Spin me around  
Make it loud  
I want to fly like a bullet  
You'll take me high if you pull it  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
You'll take me high if you pull it  
Would you be my trigger

You can be the glow in my dark  
Speeding up the beat of my heart  
I was tryna virtually feel  
Now I'm turning to something real  
Aiming for a headshot

Going nonstop  
Like a loaded gun

Faster than sound  
Higher ground  
My dream could blow any minute  
I need to know if your in it  
Spin me around  
Make it loud  
I want to fly like a bullet  
You'll take me high if you pull it  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
You'll take me high if you pull it  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
Would you be my trigger  
Boom Boom  
You'll take me high if you pull it  
Would you be my trigger  
Boom Boom
