

## Beyond The Vale

The Smashing Pumpkins

I will fight this space and time  
That jumps through you  
Our affairs were never fair  
Where love stood as cruel

Vagabonds your feast is love  
Vagabonds your feast is love

I used to mind their fake rebellions  
I used to mind their sin  
Now I'm the one let in

La-la-love our way  
Love our way in you  
La-la-love our way  
Love our ways in you  
La-la-love our way  
Love our way in you  
La-la-love our way  
Love our ways in you

Darkness scares and unawares  
Is us selling you  
Behind these walls and in your faults  
Gains trust as sinew

Vagabonds your feast is love  
Vagabonds your feast is love

I used to mind their fake rebellions  
I used to mind their sin  
Now I'm the one let in

La-la-love our way  
Love our way in you  
La-la-love our way  
Love our ways in you  
La-la-love our way  
Love our way in you  
La-la-love our way  
Love our ways in you

Love our ways in you
