

Drum + Fife

The Smashing Pumpkins

Away, away foul dreams
You're gonna listen now to me
No rules, or in-betweens
You're gonna listen now to me
Waste all your time on another kind of boy (whoa)
I faint up on the line, are out of count

Come on along on an eastern show
Come on along, oh my
Come on along on a winter's morn
Come on along, oh my (my)

Inside the drum and fife is steel
Racing scene to scene
To break this beast in me
Cause I will bang this drum to my dying day

Your mind affection drew
You're gonna listen now to me
What's done, what's left as You're gonna listen now to me

Come on along on an eastern show
Come on along, oh my
Come on along on a winter's morn
Come on along, oh my (my)

Inside, the drum and fife is steel
Racing scene to scene
To break this beast in me
To Cause I will bang this drum to my dying
Cause I will bang this drum to my dying
Cause I will bang this drum to my dying day
Cause I will bang this drum to my dying day

Don't you ever be afraid
Don't you ever be afraid
Don't you ever be afraid
No more, no more, no more

Cause I will bang this drum to my dying day
(Don't you ever be afraid)
Cause I will bang this drum to my dying
Cause I will bang this drum to my dying
Cause I will bang this drum to my dying day
Cause I will bang this drum
