

Innocence, innocence finds you there  
Innocence, innocence doesn't care  
Any way you choose  
The sun, and the son  
Are true  
Hold me now I won't let go

Innocence, innocence let's you go  
Innocence, innocence holds you down  
Anyway, anyway that you want  
And you will be there  
With the sun and you say you don't care  
Anyway, anyway that you want  
In the love, in the love we're unsung  
It's anyway, anyway that you want  
Hold it in, innocence in your arms

Innocence, innocence holds you there  
Innocence, innocence doesn't care  
Innocence, innocence lets you dream  
Innocence
