

# Let Me Give The World To You

The Smashing Pumpkins

Last chance to make believe in always and all it seems  
Train wrecks hide underneath your umbrella  
Set the frame destiny on this first name soliloquy  
Tired symphonies play downward

Let me give the world to you my love  
Let me give the world to you my love  
Let me show you what I'm thinking of  
Let me give the world to you my love

So far  
So far  
So far

Lovers form dead excuse  
And blur the line with soul abuse  
My lonesome lines just have no use around here

New skin may hold you in  
But the old skin still turns us on  
Flicker fades the nitrate dawn to wear

Let me give the world to you my love  
Let me show you what I'm thinking of  
Times are hard and we're the last in line  
'Cause in my grief I'd forgotten what was mine

No I wouldn't change a thing  
No I, no  
No I wouldn't change a thing about the way you are  
The distance here, the speed so far  
So far  
So far  
So far

Let me give the world to you, my love...  
Let me give the world to you...

So far  
So far  
So far
