

## Lover

The Smashing Pumpkins

Lover darling  
When you hold my hand  
It's all I'll have until tomorrow  
Lover darling  
When you hold my life  
If you say it's right  
Until tomorrow

Walk away again  
Walk away again, outside

Lover darling  
When you hold my life  
If you say it's right  
Until tomorrow  
Lover darling  
When nothing's right  
Swear it's right  
Until tomorrow

Lover, lover, come to me  
If you need sympathy  
Lover, lover, don't you speak  
I can't hear a thing you've said

On the way to the sun  
And there's a new world that's just begun

Lover darling  
When you hold my hand  
It's all I'll have until tomorrow  
Lover darling  
When you hold my life  
If you say it's right  
Until tomorrow

Walk away again, outside  
To a new world, let's go  
Walk away again, outside

Lover, lover, come to me  
If you need sympathy  
Lover, lover, don't you speak  
I can't hear a thing you've said  
Lover, lover, come to me  
If you need sympathy  
Lover, lover, don't you speak  
I can barely hear you breathe
