The Smashing Pumpkins

You didn't see what you saw
You didn't hear what you heard
You didn't wish what you'd want
Yeah, yeah
It's always
Or never know
Yes, yes
It's always or never know
Or never know

You didn't seek what you sought
You didn't fear what we've learnt
You didn't dare where we've stepped
You didn't claw in the dirt
Moving heaven and hurt
Dirt, dirt
Moving heaven and earth
Hurt, hurt

No voiceless voices
No soulless souls
So, these stars have flown
As some error within
Every system blown to pieces

You didn't seek what you sought
You didn't fear what we've learnt
You didn't dare where we've stepped
You didn't claw in the dirt
Moving heaven and hurt
Dirt, dirt
Moving heaven and earth
Hurt, hurt
Hurt
