

## Excommunicated

### Smile Empty Soul

Do you see me as a waste of time?  
Give me nothing but the hate inside  
And I can feel it burning in my soul  
Think of me as a simple mind  
Hold me down with a simple line  
But fail to see i'm digging you a hole

This time I'm fine  
No, you're never gonna see me crying  
This time, I'm fine  
'Cause you're never gonna see me die  
Inside again  
You are not my friend  
I am done  
I am done  
I am

Making plans to break these ties  
Feeling strong to face these lies  
And you will not believe what I can do  
Think of me as a simple mind  
Hold me down with a simple line  
But fail to see i'm digging this for you

This time I'm fine  
No, you're never gonna see me crying  
This time, I'm fine  
'Cause you're never gonna see me die  
Inside again  
You are not my friend  
I am done  
I am done  
I am done

Consider me saved but  
I'm dangerous and hard to read tonight  
Consider the pain that  
you've brought upon yourself to make this right

This time I'm fine  
No, you're never gonna see me crying  
This time, I'm fine  
'Cause you're never gonna see me die  
Inside again  
You are not my friend  
I am done  
I am done  
I am
