

You're so pretty  
I'm so fucking shitty shitty  
Give me pity  
Give me just a little bitty  
Miss my kitty  
Left her in the city city  
I'm so shitty  
Give me just a little bitty

I'm so stupid  
You're a fucking liar liar  
Give me nothing  
I'm so fucking tired tired  
You're so stupid  
I'm a fucking liar liar  
Give you nothing  
All that you desire

Take me to the place I hate  
Take me now to see my grave  
Down, spin me spin me round round  
Down, spin me spin me round round  
Take me to the place I crave  
Take me now to see my grave  
Spin me spin me round round  
Down, spin me spin me round round

You're so pretty  
I'm so fucking shitty shitty  
Give me pity  
Give me just a little bitty  
Miss my kitty  
Left her in the city city  
I'm so shitty  
Give me just a little bitty
