

## Plentiful World

Smile Empty Soul

Curse the darkest summer days  
I'm still waiting  
I'm still waiting  
No one gave me anything  
I'm still waiting  
Suffocating

1 more bleeding sun set  
Before I say goodbye  
No more bleeding in my head

I'm lying here with nothing left  
Its a plentiful world out there  
Its a beautiful world I swear  
But it's not for me  
And I'm dying here alone again  
Its a plentiful world out there  
Its a beautiful world I swear  
But I'll never see

Dig a hole that's just for me  
I'm so jaded  
Complicated  
This little hole is where I'll be  
Slowly fading  
Hesitating

I'm dying here
