And when shits live you can't make them dumb decisions
Girl you better find him better line him let me pitch him
But I don't need a bitch to ride I handle my business
Run up on me but I'm Kobe from a distance
Close casket my aim is consistent
The mac kicking jus pray these niggas ain't snitching
And when it's time to ride you know my niggas all wit it

Far feeling lil gone but this money made my day
Gotta stay alert cus bikers popping out the lane
So I'm always on the look cus I don't want another case
Bumping fettty in the trap while this money come my way
