Gang

She wanna suck on this dick, while I'm good in the hill
I just need a lil' space
Now got the crib for the dawgs where we live at
We wake up record our place
Fix up your grin, fix up your drip
Baby girl, fix up your face
B.O.B 2, if I get mad Ryda gon' dirty the place
Never gon' dirty my name
Look in the back all these 30's insane
City to city they screamin' my name
All of this hype I'm still feelin' my pain
Fuck all that shit, I'm still missin' my mains
If I wasn't rappin', it'll probably be grains
Opps on the flight they we go get the plane
Jet, jet

Yeah, we take that shit up the sky
We pop up like hello and then bye
I'm havin' the time of my life
Made a transition, yeah
I made it in wrappin' up white
I still got a ho on the side
You don't catch me outside, said she need guy
You can't beat me I got too much pride
You can't see me got tints on the ride
You wanna slide then nigga just slide
She fuck up my guys or it's bye

Fuck my opps doin' better than him
